Advocacy Activities

- NSA
- IGAP Epilepsy Global Action Plan
- Neurocovid groups

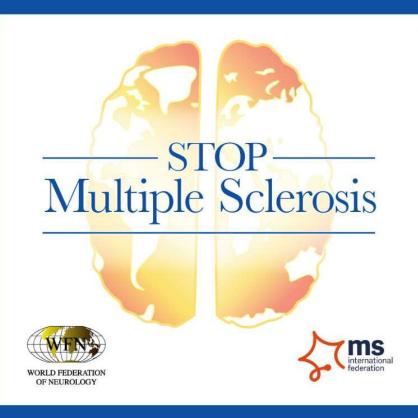

- ICD-11 Topic Advisory Group in Neurology (Change in designation of stroke)
- Neurological Needs Registry
- Atlas I and II

WORLD BRAIN DAY

WORLD BRAIN DAY 2021

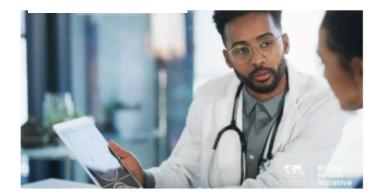

On July 22, 2021, we will work together to stop MS by diagnosing earlier, providing better access to life-changing treatments, and advocating for improved quality of life for those living with MS and their caregivers.

Join us as we stop multiple sclerosis.

Brain Health Initiative

The Vitals: What to Know About Brain Health

1. Introduction to Brain Health

11 Jan 2021

Brain health is a critical piece of your overall health. It underlies your ability to communicate, make decisions, problem-solve and live a productive and useful life. Because the brain controls so much of daily function, it is arguably the single most valuable organ in the human body.

2. What Happens When Brains are Not Healthy

11 Jan 2021

When our brains aren't healthy, our bodies and lives are impacted. The brain controls our thoughts, speech, memory and emotions and determines our personality, judgment and sociability. It controls the movement of our bodies, including the complicated systems we rely on to breathe, digest, circulate blood, fight infection and more.

WFN Webinar to Launch Brain Health Initiative

17 Feb 2021

The World Federation of Neurology proudly announces their Brain Health Initiative. Hear from WFN regional organisation presidents about the importance of the initiative and learn about the challenges their regions are facing in this educational webinar.

What is a Migrant? Definitions

- Migrants
- Refugees
- Displaced
- Stateless

The <u>UN Migration Agency</u> (IOM) <u>defines a migrant</u> as any person who is moving or has moved across an international border or within a State away from his/her habitual place of residence, regardless of (1) the person's legal status; (2) whether the movement is voluntary or involuntary; (3) what the causes for the movement are; or (4) what the length of the stay is.

Migration & Displacement by Numbers

270 Million People

Living outside their country of origin

4.2 Million People

Stateless or at risk of statelessness

48 Million People

Are internally Displaced

2/3

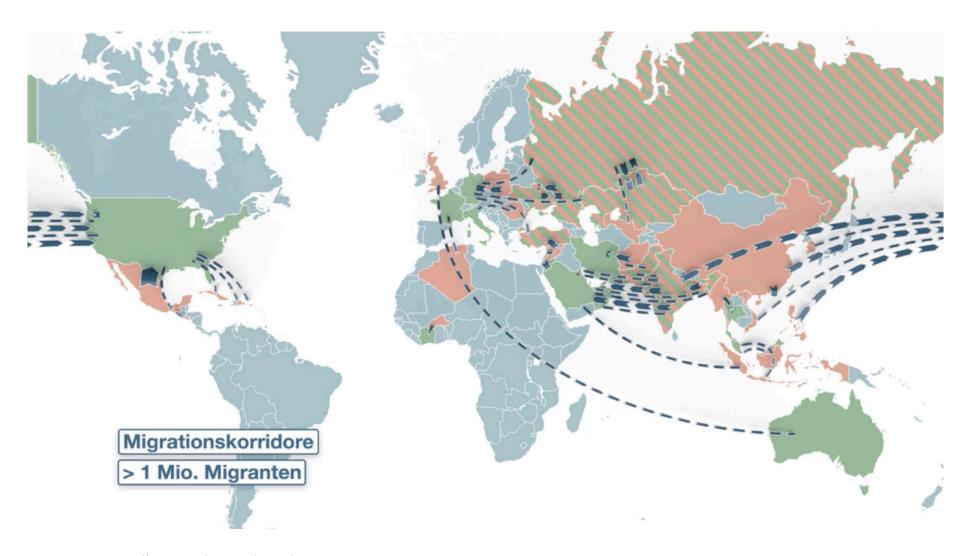

Of people displaced across borders are from 5 countries
